

Duro Felguera, S.A., in fulfilment of what is set forth in clause 226 of the Amended Law of the Securities Market, hereby announces the following

SIGNIFICANT INFORMATION

The consortium consisting of Duro Felguera (70%) and Romelectro (30%), which is currently building a 430 MW combined cycle power plant in Iernut (Romania), has reached an agreement with its client Romgaz to:

- Extend the contractual deadline by 7 months until 26 December 2020.
- Free up the withholdings applied to the consortium as a performance bond for the contract for 11.4 M€, which will facilitate payment to subcontractors on the project in order to complete it.
- Acknowledgement by the client of claims for a value of 14 M€, which will produce an improvement of 3 M€ in Duro Felguera's results on the project.
